

About TI

Touch International, a long time global leader in the touch screen industry empowers its customers with cutting edge technology, commanding solutions and the fastest lead times in the industry.

Touch International is an innovator and supplier of premium touch screens, touch components and display enhancement solutions to customers worldwide in a variety of industries; including military, medical, retail, aerospace and industrial.

TI uniquely combines extensive touch engineering expertise with built-in manufacturing knowledge to attain advanced market proven solutions.

Global Capabilities

Touch International, with its partner DMC, Co. Ltd. in Osaka, Japan, operates seven manufacturing facilities worldwide with 1,200 employees.

TI's factories in China manufacture iPhone-type projected capacitive touch screens, resistive sensors and glass filter products used in touch screens, EMI, anti-reflective or anti-vandal filters.

Touch Technology

Touch International builds custom and standard touch solutions using the most advanced touch technologies for projects big and small in almost any environment.

Display Enhancements

Used alone or in combination, Touch International's display enhancements improve touch screen usability and performance for specialized applications.

Custom Solutions Center

Touch International specializes in the design and manufacturing of custom display solutions for diverse markets and applications around the world.

Touch Technologies

Projected Capacitive

- Multi-Touch
- Advanced Optics
- Proven Reliability
- Extreme Durability

Analog Resistive

- Durable
- Low Cost
- Multi-Touch
- Versatile Input

Surface Capacitive

- Rugged
- Large Format
- High Performance
- Multi-Player Election

Enhancement Options

Backlighting

- LED
- CCFL

Filters & Cover Lenses

- EMI/RFI
- Privacy
- Anti-Vandal
- Night Vision
- Anti-Reflection
- Heat Mirror

Adhesives & Bonding

- Silicone
- Two-Part
- UV Curable
- Optical & Direct Bonding

Custom Capabilities

Touch Screens

Firmware

Controllers

Display Enhancements

From the initial touch screen design until its final assembly, Touch International has the expertise, skill and commitment to make your specialized concept a reality.
